

USAGOL AL

White lubricating oil for incidental contact with foodstuffs

Description

Medium viscosity mineral oil. Silicone-free, and inert on most seals. Compatible with all type of materials including most elastomers and plastics. Colour: colourless. USAGOL AL is registered by NSF International, in category H1. This indicates that it is authorized for use in incidental contact with food. (N°130364)

Applications

Lubrication of all mechanisms in the food sector: lines, bottling lines, hinges, filters, jacks, moulds, etc. Lubrication of compressed-air circuits, machines for knitting food sacks (sugar, spices, coffees, etc.) Can be used with a drip feed, manual roller, roller machine, an airless spray or with low-pressure air.

Technical data

Operating temperatures: -20°C to +200°C

Viscosity @ 40°C: 32 cst
